

Nebraska Choice Gas Webinar

March 11, 1:30 – 2:30 pm

Public Alliance for
Community Energy

Please join us for a **free** webinar for NHA member hospitals which are served by Black Hills Energy, offered by NHA Services and Preferred Business Partner ACE/Public Alliance for Community Energy.

ACE, the Public Alliance for Community Energy, is a community-owned, not-for-profit natural gas supplier in the Nebraska Choice Gas Program. It is one of four organizations of NMPP Energy, located in Lincoln, Nebraska. ACE is owned by 75 Nebraska communities and one public power district and supplies natural gas to more than 16,000 customers.

This webinar will provide your facility with details on the newly expanded Choice Gas Selection Period and an overview of the market factors affecting your rate. This will enable you to make informed decisions on your natural gas purchases.
