

340B Webinar Series

Part 3 | Innovation in Contract Pharmacy/Special Regulatory Update
Tuesday, September 8, 2020 | 1:00 - 2:00 CT | Event [registration](#) required
Password "340B"

- REGULATORY UPDATE: Update on current regulatory environment
- Considerations when expanding your contract pharmacy program
- How can Advanced Claims Capture heighten the value of your 340B program?
- How can a 340B Discount Card for the uninsured help with readmissions?

Description

This free webinar for NHA member hospitals will include the current regulatory environment and highlight some of the 340B innovations that entities may want to consider in the future. We recognize the challenges associated with COVID-19 that your organization is currently facing in the support of your patients. This webinar will provide valuable regulatory and contract pharmacy insights for your entity to compliantly heighten the value of 340B savings.

Speakers

Jacqueline Artinger, Esq.
Vice President, Regulatory Affairs and Compliance
SunRx

Jacqueline Artinger brings over 35 years of combined experience from her practice as a technician in the clinical and outpatient pharmacy settings and as an attorney dedicated solely to the area of health care law. During her 10+ years at SUNRx's parent company, MedImpact Healthcare Systems, Inc., Ms. Artinger's work included being the dedicated legal counsel for SUNRx. She has been a member of the State Bar of California since 1998, has a law degree from Western State University College of Law (with distinction) and an Associate Degree in Pharmacy Technology from Orange Coast College. She is a published pharmacy author (Pharmacy Law Desk Reference, Haworth Press (2006) Chapter 12: "Requirements of a Contract, Anatomy of a Sample Contract") and has provided training on health care issues both on local and national levels.

Aaron Lott, PhD, MPH, MBA
President, AuthorityRx

Dr. Aaron K. Lott is the President of AuthorityRx. He supports clients by delivering best-in-class 340B solutions to include hospital owned retail pharmacy, specialty, implementation, auditing, expense reduction, and labor efficiency solutions resulting in significant financial and operational benefit. By serving a diverse base of members and clients he has enjoyed broad and varied experiences giving him a distinct advantage in identifying challenges faced by today's health care organizations. He is a regular speaker on the topic of 340B. Dr. Lott received his PharmD from the University of Missouri at Kansas City and is a Navy veteran.
