Definitions of Calculated Indicators Used in the DATABANK Program

Table of Contents

INPATIENT UTILIZATION DISCHARGES.....	1
As a Percent of Total Discharges	1
By Payor	1
By Levels of Service	1
Numbers of Discharges	1
By Payor	1
By Levels of Service	2
Discharges Compared to Peer Group Averages	2
By Payor	2
By Levels of Service	3
End of page one of the report	4
INPATIENT UTILIZATION PATIENT DAYS.....	4
As a Percent of Total Patient Days	4
By Payor	4
By Levels of Service	5
Numbers of Patient Days	5
By Payor	5
By Levels of Service	5
Patient Days Compared to Peer Group Averages	6
By Payor	6
By Levels of Service	7
End of page two of the report	8
INPATIENT UTILIZATION.....	8
Average Daily Census	8
By Payor	8
By Levels of Service	9
Average Length of Stay.....	10
All Patients by Payor	10
Acute Care by Payor	11
By Levels of Service	12
End of page three of the report.....	12
OTHER UTILIZATION STATISTICS.....	12
Inpatient and Outpatient Surgeries	12
Inpatient Hospital Numbers Compared to Peer Group Averages.....	12
Outpatient Visits as a Percent of Total.....	13
Other Hospital Numbers Compared to Peer Group Averages	13
End of page four of the report	14

Definitions of Calculated Indicators Used in the DATABANK Program

FINANCIAL DATA.....	14
Inpatient Charge Per Patient Day.....	14
Acute Care by Payor	14
All Patients by Payor	14
All Patients by Levels of Service.....	15
End of page five of the report	15
Inpatient Charge Per Patient Stay	16
Acute Care by Payor	16
All Patients by Payor	16
All Patients By Levels of Service	17
End of page six of the report.....	17
As a Percent of Total Inpatient Charges	17
By Payor	17
By Levels of Service	18
Acute Outpatient and Home Health Charges as a Percent of Total Outpatient Charges	18
By Payor (Outpatient Only).....	18
By Levels of Service (Outpatient Only)	19
Other Outpatient Statistics	19
As a Percent of Total Patient Charges.....	19
By Payor	19
By Levels of Service	19
End of page seven of the report.....	20
UNCOLLECTED CHARGES	20
Total Contractual Allowances Compared to Peer Group Averages by Payor	20
Total Contractual Allowances as a Percent of RELATED Payor Charges and Collected	
Charges by Payor	21
End of page eight on the report.....	22
OPERATING REVENUE	22
Total Contractual Allowances Compared to Peer Group Averages.....	22
End of page nine on the report	23
OPERATING EXPENSES.....	23
Operating Expense Per Adjusted Patient Day.....	23
By Payor	23
By Levels of Service	24
Operating Expense Per Adjusted Stay	25
By Payor	25
By Levels of Service	26
End of page ten the report	26
Percent of Total Operating Expense.....	26
Hospital Operating Expenses Compared to Peer Group Averages	27
End of page eleven of the report.....	28

**Definitions of Calculated Indicators
Used in the DATABANK Program**

PROFITABILITY & OTHER FINANCIAL DATA	28
Patient Service Margin.....	28
Operating Margin.....	28
End of page twelve of the report.....	29
PERSONNEL DATA.....	29
Facility Data (Excluding Physicians).....	29
Hospital Average Payroll Expense Per Full Time Equivalent Compared to Peer Group Averages.....	30
Average Benefit Expense Per Full Time Equivalent Compared to Peer Group Averages.....	30
Average Payroll and Benefit Expense Per Full Time Equivalent Compared to Peer Group Averages	30
Physicians Data (Excluding Facility).....	30
Average Physician Payroll Expense Per Full Time Equivalent Compared to Peer Group Averages	31
Hospital Paid Hours Compared to Peer Group Averages.....	31
End of page thirteen on the report.....	31
DAYS IN ACCOUNTS RECEIVABLE GROSS.....	31
By Payor	31
End of page fourteen of the report and end of report	32

Definitions of Calculated Indicators Used in the DATABANK Program

INPATIENT UTILIZATION DISCHARGES	Note: The page numbers referenced apply to the Monthly Report. The definitions apply to the Monthly, Comparative and Trend Report.
As a Percent of Total Discharges	
By Payor	
Medicare	<u>Hospital & Peer Group Calculation</u> Total Medicare Discharges for the time period divided by the number of Total Discharges; 1 e Col. A / 1 e Col. H
Medicaid	<u>Hospital & Peer Group Calculation</u> Total Medicaid Discharges for the time period divided by the number of Total Discharges; 1 e Col. B / 1 e Col. H
Self Pay	<u>Hospital & Peer Group Calculation</u> Total Self Pay Discharges for the time period divided by the number of Total Discharges; 1 e Col. C / 1 e Col. H
Champus/Tricare	<u>Hospital & Peer Group Calculation</u> Total Champus/Tricare Discharges for the time period divided by the number of Total Discharges; 1 e Col. D / 1 e Col. H
Managed Care	<u>Hospital & Peer Group Calculation</u> Total Managed Care Discharges for the time period divided by the number of Total Discharges; 1 e Col. E / 1 e Col. H
Commercial	<u>Hospital & Peer Group Calculation</u> Total Commercial Discharges for the time period divided by the number of Total Discharges; 1 e Col. F / 1 e Col. H
Others	<u>Hospital & Peer Group Calculation</u> Total Others Discharges for the time period divided by the number of Total Discharges; 1 e Col. G / 1 e Col. H
By Levels of Service	
Acute Care	<u>Hospital & Peer Group Calculation</u> Total Acute Care Discharges for the time period divided by the number of Total Discharges; 1 a Col. H / 1 e Col. H
Swing Bed	<u>Hospital & Peer Group Calculation</u> Total Swing Bed Discharges for the time period divided by the number of Total Discharges; 1 b Col. H / 1 e Col. H
Subacute/LTC	<u>Hospital & Peer Group Calculation</u> Total Subacute/LTC Discharges for the time period divided by the number of Total Discharges; 1 c Col. H / 1 e Col. H
DPU (Distinct Part Unit)	<u>Hospital & Peer Group Calculation</u> Total DPU Discharges for the time period divided by the number of Total Discharges; 1 d Col. H / 1 e Col. H
Numbers of Discharges	
By Payor	
Medicare	<u>Hospital & Peer Group Calculation</u> The number of Medicare Discharges for the time period. This represents all levels of service; 1 e Col. A
Medicaid	<u>Hospital & Peer Group Calculation</u> The number of Medicaid Discharges for the time period. This represents all levels of service; 1 e Col. B
Self Pay	<u>Hospital & Peer Group Calculation</u> The number of Self Pay Discharges for the time period. This represents all levels of service; 1 e Col. C

Definitions of Calculated Indicators Used in the DATABANK Program

Champus/Tricare	<u>Hospital & Peer Group Calculation</u> The number of Champus/Tricare Discharges for the time period. This represents all levels of service; 1 e Col. D
Managed Care	<u>Hospital & Peer Group Calculation</u> The number of Managed Care Discharges for the time period. This represents all levels of service; 1 e Col. E
Commercial	<u>Hospital & Peer Group Calculation</u> The number of Commercial Discharges for the time period. This represents all levels of service; 1 e Col. F
Others	<u>Hospital & Peer Group Calculation</u> The number of Others Discharges for the time period. This represents all levels of service; 1 e Col. G
Total	<u>Hospital & Peer Group Calculation</u> The number of Total Discharges for the time period. This represents all levels of service; 1 e Col. H
By Levels of Service	
Acute Care	<u>Hospital & Peer Group Calculation</u> The number of Acute Care Discharges for the time period. This represents all payors; 1 a Col. H
Swing Bed	<u>Hospital & Peer Group Calculation</u> The number of Swing Bed Discharges for the time period. This represents all payors; 1 b Col. H
Subacute/LTC	<u>Hospital & Peer Group Calculation</u> The number of Subacute/LTC Discharges for the time period. This represents all payors; 1 c Col. H
DPU (Distinct Part Unit)	<u>Hospital & Peer Group Calculation</u> The number of DPU Discharges for the time period. This represents all payors; 1 d Col. H
Total	<u>Hospital & Peer Group Calculation</u> The number of Total Discharges for the time period. This represents all payors; 1 e Col. H
Discharges Compared to Peer Group Averages	
By Payor	
Medicare	<u>Hospital Calculation</u> The number of Medicare Discharges for the time period. This represents all levels of service; 1 e Col. A <u>Peer Group Calculation</u> The number of Medicare Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 e Col. A / # of Hospitals w/ value > 0
Medicaid	<u>Hospital Calculation</u> The number of Medicaid Discharges for the time period. This represents all levels of service; 1 e Col. B <u>Peer Group Calculation</u> The number of Medicaid Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 e Col. B / # of Hospitals w/ value > 0

Definitions of Calculated Indicators Used in the DATABANK Program

Self Pay	<p><u>Hospital Calculation</u> The number of Self Pay Discharges for the time period. This represents all levels of service; 1 e Col. C</p> <p><u>Peer Group Calculation</u> The number of Self Pay Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 e Col. C / # of Hospitals w/ value > 0</p>
Champus/Tricare	<p><u>Hospital Calculation</u> The number of Champus/Tricare Discharges for the time period. This represents all levels of service; 1 e Col. D</p> <p><u>Peer Group Calculation</u> The number of Champus/Tricare Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 e Col. D / # of Hospitals w/ value > 0</p>
Managed Care	<p><u>Hospital Calculation</u> The number of Managed Care Discharges for the time period. This represents all levels of service; 1 e Col. E</p> <p><u>Peer Group Calculation</u> The number of Managed Care Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 e Col. E / # of Hospitals w/ value > 0</p>
Commercial	<p><u>Hospital Calculation</u> The number of Commercial Discharges for the time period. This represents all levels of service; 1 e Col. F</p> <p><u>Peer Group Calculation</u> The number of Commercial Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 e Col. F / # of Hospitals w/ value > 0</p>
Others	<p><u>Hospital Calculation</u> The number of Others Discharges for the time period. This represents all levels of service; 1 e Col. G</p> <p><u>Peer Group Calculation</u> The number of Others Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 e Col. G / # of Hospitals w/ value > 0</p>
Total	<p><u>Hospital Calculation</u> The number of Total Discharges for the time period. This represents all levels of service; 1 e Col. H</p> <p><u>Peer Group Calculation</u> The number of Total Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 e Col. H / # of Hospitals w/ value > 0</p>
By Levels of Service	
Acute Care	<p><u>Hospital & Peer Group Calculation</u> The number of Acute Care Discharges for the time period. This represents all payors; 1 a Col. H</p> <p><u>Peer Group Calculation</u> The number of Acute Care Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 a Col. H / # of Hospitals w/ value > 0</p>

Definitions of Calculated Indicators Used in the DATABANK Program

Swing Bed	<p><u>Hospital & Peer Group Calculation</u> The number of Swing Bed Discharges for the time period. This represents all payors; 1 b Col. H</p> <p><u>Peer Group Calculation</u> The number of Swing Bed Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 b Col. H / # of Hospitals w/ value > 0</p>
Subacute/LTC	<p><u>Hospital & Peer Group Calculation</u> The number of Subacute/LTC Discharges for the time period. This represents all payors; 1 c Col. H</p> <p><u>Peer Group Calculation</u> The number of Subacute/LTC Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 c Col. H / # of Hospitals w/ value > 0</p>
DPU (Distinct Part Unit)	<p><u>Hospital & Peer Group Calculation</u> The number of DPU Discharges for the time period. This represents all payors; 1 d Col. H</p> <p><u>Peer Group Calculation</u> The number of DPU Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 d Col. H / # of Hospitals w/ value > 0</p>
Total	<p><u>Hospital & Peer Group Calculation</u> The number of Total Discharges for the time period. This represents all payors; 1 e Col. H</p> <p><u>Peer Group Calculation</u> The number of DPU Discharges for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 1 e Col. H / # of Hospitals w/ value > 0</p>
End of page one of the report	
INPATIENT UTILIZATION	
PATIENT DAYS	
As a Percent of Total Patient Days	
By Payor	
Medicare	<p><u>Hospital & Peer Group Calculation</u> Total Medicare Patient Days for the time period divided by the number of Total Patient Days; 2 e Col. A / 2 e Col. H</p>
Medicaid	<p><u>Hospital & Peer Group Calculation</u> Total Medicaid Patient Days for the time period divided by the number of Total Patient Days; 2 e Col. B / 2 e Col. H</p>
Self Pay	<p><u>Hospital & Peer Group Calculation</u> Total Self Pay Patient Days for the time period divided by the number of Total Patient Days; 2 e Col. C / 2 e Col. H</p>
Champus/Tricare	<p><u>Hospital & Peer Group Calculation</u> Total Champus/Tricare Patient Days for the time period divided by the number of Total Patient Days; 2 e Col. D / 2 e Col. H</p>
Managed Care	<p><u>Hospital & Peer Group Calculation</u> Total Managed Care Patient Days for the time period divided by the number of Total Patient Days; 2 e Col. E / 2 e Col. H</p>

Definitions of Calculated Indicators Used in the DATABANK Program

Commercial	Hospital & Peer Group Calculation Total Commercial Patient Days for the time period divided by the number of Total Patient Days; 2 e Col. F / 2 e Col. H
Others	Hospital & Peer Group Calculation Total Others Patient Days for the time period divided by the number of Total Patient Days; 2 e Col. G / 2 e Col. H
By Levels of Service	
Acute Care	Hospital & Peer Group Calculation Total Acute Care Patient Days for the time period divided by the number of Total Patient Days; 2 a Col. H / 2 e Col. H
Swing Bed	Hospital & Peer Group Calculation Total Swing Bed Patient Days for the time period divided by the number of Total Patient Days; 2 b Col. H / 2 e Col. H
Subacute/LTC	Hospital & Peer Group Calculation Total Subacute/LTC Patient Days for the time period divided by the number of Total Patient Days; 2 c Col. H / 2 e Col. H
DPU (Distinct Part Unit)	Hospital & Peer Group Calculation Total DPU Patient Days for the time period divided by the number of Total Patient Days; 2 d Col. H / 2 e Col. H
Numbers of Patient Days	
By Payor	
Medicare	Hospital & Peer Group Calculation The number of Medicare Patient Days for the time period. This represents all levels of service; 2 e Col. A
Medicaid	Hospital & Peer Group Calculation The number of Medicaid Patient Days for the time period. This represents all levels of service; 2 e Col. B
Self Pay	Hospital & Peer Group Calculation The number of Self Pay Patient Days for the time period. This represents all levels of service; 2 e Col. C
Champus/Tricare	Hospital & Peer Group Calculation The number of Champus/Tricare time period. This represents all levels of service; 2 e Col. D
Managed Care	Hospital & Peer Group Calculation The number of Managed Care Patient Days for the time period. This represents all levels of service; 2 e Col. E
Commercial	Hospital & Peer Group Calculation The number of Commercial Patient Days for the time period. This represents all levels of service; 2 e Col. F
Others	Hospital & Peer Group Calculation The number of Others Patient Days for the time period. This represents all levels of service; 2 e Col. G
Total	Hospital & Peer Group Calculation The number of Total Patient Days for the time period. This represents all levels of service; 2 e Col. H
By Levels of Service	
Acute Care	Hospital & Peer Group Calculation The number of Acute Care Patient Days for the time period. This represents all payors; 2 a Col. H
Swing Bed	Hospital & Peer Group Calculation The number of Swing Bed Patient Days for the time period. This represents all payors; 2 b Col. H

Definitions of Calculated Indicators Used in the DATABANK Program

Subacute/LTC	<p><u>Hospital & Peer Group Calculation</u> The number of Subacute/LTC Patient Days for the time period. This represents all payors; 2 e Col. H</p>
DPU (Distinct Part Unit)	<p><u>Hospital & Peer Group Calculation</u> The number of DPU Patient Days for the time period. This represents all payors; 2 d Col. H</p>
Total	<p><u>Hospital & Peer Group Calculation</u> The number of Total Patient Days for the time period. This represents all payors; 2 e Col. H</p>
Patient Days Compared to Peer Group Averages	
By Payor	
Medicare	<p><u>Hospital Calculation</u> The number of Medicare Patient Days for the time period. This represents all levels of service; 2 e Col. A</p> <p><u>Peer Group Calculation</u> The number of Medicare Patient Days for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 2 e Col. A / # of Hospitals w/ value > 0</p>
Medicaid	<p><u>Hospital Calculation</u> The number of Medicaid Patient Days for the time period. This represents all levels of service; 2 e Col. B</p> <p><u>Peer Group Calculation</u> The number of Medicaid Patient Days for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 2 e Col. B / # of Hospitals w/ value > 0</p>
Self Pay	<p><u>Hospital Calculation</u> The number of Self Pay Patient Days for the time period. This represents all levels of service; 2 e Col. C</p> <p><u>Peer Group Calculation</u> The number of Self Pay Patient Days for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 2 e Col. C / # of Hospitals w/ value > 0</p>
Champus/Tricare	<p><u>Hospital Calculation</u> The number of Champus/Tricare Patient Days for the time period. This represents all levels of service; 2 e Col. D</p> <p><u>Peer Group Calculation</u> The number of Champus/Tricare Patient Days for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 2 e Col. D / # of Hospitals w/ value > 0</p>
Managed Care	<p><u>Hospital Calculation</u> The number of Managed Care Patient Days for the time period. This represents all levels of service; 2 e Col. E</p> <p><u>Peer Group Calculation</u> The number of Managed Care Patient Days for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 2 e Col. E / # of Hospitals w/ value > 0</p>

Definitions of Calculated Indicators Used in the DATABANK Program

Commercial	<p><u>Hospital Calculation</u> The number of Commercial Patient Days for the time period. This represents all levels of service; 2 e Col. F</p> <p><u>Peer Group Calculation</u> The number of Commercial Patient Days for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 2 e Col. F / # of Hospitals w/ value > 0</p>
Others	<p><u>Hospital Calculation</u> The number of Others Patient Days for the time period. This represents all levels of service; 2 e Col. G</p> <p><u>Peer Group Calculation</u> The number of Others Patient Days for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 2 e Col. G / # of Hospitals w/ value > 0</p>
Total	<p><u>Hospital Calculation</u> The number of Total Patient Days for the time period. This represents all levels of service; 2 e Col. H</p> <p><u>Peer Group Calculation</u> The number of Total Patient Days for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 2 e Col. H / # of Hospitals w/ value > 0</p>
By Levels of Service	
Acute Care	<p><u>Hospital & Peer Group Calculation</u> The number of Acute Care Patient Days for the time period. This represents all payors; 2 a Col. H</p> <p><u>Peer Group Calculation</u> The number of Acute Care Patient Days for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 2 a Col. H / # of Hospitals w/ value > 0</p>
Swing Bed	<p><u>Hospital & Peer Group Calculation</u> The number of Swing Bed Patient Days for the time period. This represents all payors; 2 b Col. H</p> <p><u>Peer Group Calculation</u> The number of Swing Bed Patient Days for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 2 b Col. H / # of Hospitals w/ value > 0</p>
Subacute/LTC	<p><u>Hospital & Peer Group Calculation</u> The number of Subacute/LTC Patient Days for the time period. This represents all payors; 2 c Col. H</p> <p><u>Peer Group Calculation</u> The number of Subacute/LTC Patient Days for the time period divided by the number of hospitals with a value greater than 0 for the peer group; 2 c Col. H / # of Hospitals w/ value > 0</p>
DPU (Distinct Part Unit)	<p><u>Hospital & Peer Group Calculation</u> The number of DPU Patient Days for the time period. This represents all payors; 2 d Col.
