

**WEBINAR**

## **CMS Hospital Improvement Final Rules (T7045)**

Date: **Thursday, July 23, 2020**

Time: **9:00 – 11:00 a.m. CT**

Speaker: Sue Dill Calloway

### **Program Overview**

This webinar will review the Centers for Medicare and Medicaid Services (CMS) hospital Conditions of Participation (CoPs) for surgery, anesthesia and post-anesthesia care units (PACU), including the most commonly cited deficiencies and how to avoid them. Our program will cover important CMS memos that discuss medication management, IV, and safe opioid use. This will cover the changes to history and physicals (H&P) informed consent, safe injection practices, compounding and beyond use dates (BUDs) and more.

Are you confused as to what the final anesthesia standards are after four revisions in a two-year period? The speaker has authored a book on the CMS anesthesia standards and can provide you with clarity and specific answers to your questions. We will review how the CMS guidelines affect sedation done in the emergency department and GI lab, as well as the current interpretive guidelines regarding pre-anesthesia evaluations, post-anesthesia evaluation and anesthesia services. You will also learn the cause for delays of 10% of surgical procedure and how to avoid an average loss of \$600,000 a year due to these delays.

## Learning Objectives

At the conclusion of this session, participant should be able to:

- Recall that there are a number of policies and procedures required by CMS related to surgery and anesthesia services.
- Describe that CMS has a section that addresses PACU requirements.
- Recall that CMS has a list of things that must be included in the OR register.
- Describe what information is required for an informed consent and that it should be on the chart before surgery.
- Discuss the 48-hour requirements for the post-anesthesia evaluation of both inpatients and outpatients.

## Target Audience

CNOs, CMOs, anesthesiologists, nurses, nurse educators, quality improvement staff, regulation and accreditation staff, risk management team members, patient safety officers, hospital legal counsel and compliance officers.

## Cost

\$195 per connection for NHA members. \$390 per connection for non-members.

*Note: The fee is for one phone line with unlimited participants.*

## Speaker Bio

Sue Dill Calloway is president of Patient Safety and Healthcare Consulting and Education company, where she focuses on medical legal education, especially Joint Commission and the CMS hospital CoPs regulatory compliance. She also lectures on legal, risk management and patient safety issues. Previously, Sue was a director for risk management and patient safety for the Doctors Company. She was the VP of legal services at a community hospital and served as the privacy officer and the compliance officer. She was also a medical malpractice defense attorney for 10 years and has three nursing degrees in addition to a law degree.

She is a well-known lecturer and the first in the country to be a certified professional in CMS. She has written 102 books and thousands of articles.

*The speaker has no real or perceived conflicts of interest that relate to this presentation.*
