An Introduction to PSI-90: It's More Than Quality of Care

Webinar #030315-AR

DATE AND TIME

March 3, 2015

1:00 p.m. - 2:30 p.m. CT

OVERVIEW

This webinar will help demystify the composite measure, PSI-90, and all of the conditions which are included. You will understand the patient safety indicator, as well as its impact on reimbursement related to the value-based purchasing (VBP) program, the hospital acquired condition (HAC) programs and potential penalties. You will learn that documentation is an essential part of the PSI-90 and how improved documentation can positively impact the measure.

TARGET AUDIENCE

CEOs, COOs, DONs, quality improvement professionals, patient safety staff, clinical documentation staff, infection control practitioners, nurses and physicians.

PROGRAM TOPICS

- AHRQ – Agency for Healthcare Research and Quality
- History of PSI
- The potential impact of PSI on reimbursement
 - o A component of hospital VBP beginning FY 2015
 - o HAC reduction program beginning FY 2015
- The components of PSI-90
 - o PSI #3 Pressure ulcer rate
 - o PSI #6 Latrogenic pneumothorax rate
 - o PSI #7 Central venous catheter-related blood stream infection rate
 - o PSI #8 Postoperative hip fracture rate
 - o PSI #9 Perioperative hemorrhage or hematoma rate
 - o PSI #10 Postoperative physiologic and metabolic derangement rate
 - o PSI #11 Postoperative respiratory failure rate
 - o PSI #12 Perioperative pulmonary embolism or deep vein thrombosis rate
 - o PSI #13 Postoperative sepsis rate
 - o PSI #14 Postoperative wound dehiscence rate
 - o PSI #15 Accidental puncture or laceration rate

- The role of CDI with PSI-90

OBJECTIVES

- Define the concept of PSI.
- Explain the composite indicator PSI-90.
- Describe the relationship between provider documentation and performance on PSI 90.
- Discuss the impact of performance on PSI-90 in terms of CMS quality initiatives that can affect an organization's reimbursement rate.

FACULTY

Cheryl Ericson, MS, RN, CCDS, CDIP, AHIMA

Cheryl Ericson is an approved ICD-10-CM/PCS trainer, is the clinical documentation improvement (CDI) education director for HCPro, a division of BLR and the associate director of education for Association of Clinical Documentation Improvement Specialists (ACDIS). Ericson is responsible for the development of CDI boot camp products and serves as the lead trainer. She also serves as a CDI subject matter expert for a variety of HCPro and ACDIS publications as well as serving as an advisor on a variety of initiatives that affect CDI professionals. Prior to joining HCPro, Ericson managed CDI, core measures abstraction and utilization review departments at a large academic medical center. She has an extensive background in adult education, data analysis, healthcare revenue cycle and CMS guidelines.

PRICE

\$195 per connection.

Note: The fee is for one phone line with unlimited participants. For example, 10 employees can participate for only \$19.50 each!
