presents

COVID-19 Preparedness Series

"Exploring a Monoclonal Antibody Allocation Framework"

Thursday, April 22nd
2:00 - 3:00 PM (CT)

Webinar Description

This installment of our webinar series will focus on the need for a master plan regarding fair allocation of COVID-19 treatments and therapies.

Target Audience

This webinar is intended for physicians, nurses, first responders and other health care professionals throughout Nebraska and the region who care for COVID-19 patients.

Webinar Objectives

At the conclusion of the webinar, the participant should be better able to:

- Describe the ethical values foundational to a weighted lottery policy for fair allocation of COVID-19 treatments
- Define the monoclonal antibody allocation framework for long-term care facilities and assisted living facilities as derived from UNMC.

Registration is Required.
