Self Defense and De-escalation Myths (CHA 11.14.23)

Dates: **Tuesday, November 14, 2023**
Time: **11:00 a.m. – 12:00 p.m. CT**

Cost: $195 to NHA members (Per hospital, no charge for additional lines. **Those individuals interested in viewing the recording must register separately at the Zoom link prior to the start of the webinar.** Zoom will send each individual registered an email containing an access code to view the recording.)

Who Should Attend:

All hospital personnel, including but not limited to nurses, doctors, paramedics, administrative staff, security personnel, and support staff, who may encounter workplace violence situations in their daily work as well as professionals who wish to develop workplace violence reduction programs. The series is suitable for both new employees who need to develop awareness and skills, as well as experienced staff looking to reinforce their understanding of workplace violence dynamics and prevention.

Course Curriculum

In the face of workplace violence, misconceptions about self-defense and de-escalation strategies can be perilous. This webinar provides evidence-based insights into effective self-defense measures and de-escalation strategies that align with real-world scenarios. Participants will gain a deeper understanding of the dangers associated with relying on myths, empowering them with knowledge and skills to respond appropriately during potential violent encounters in the workplace.

Continuing Education:

All hospital personnel, including but not limited to nurses, doctors, paramedics, administrative staff, security personnel, and support staff, who may encounter workplace violence situations in their daily work as well as professionals who wish to develop workplace violence reduction programs. The series is suitable for both new

employees who need to develop awareness and skills, as well as experienced staff looking to reinforce their understanding of workplace violence dynamics and prevention.
