NHA MISSION & VISION

MISSION

The mission of the Nebraska Hospital Association (NHA) is to serve its members by being the trusted leader to improve the health, well-being and quality of life of all Nebraskans.

VISION

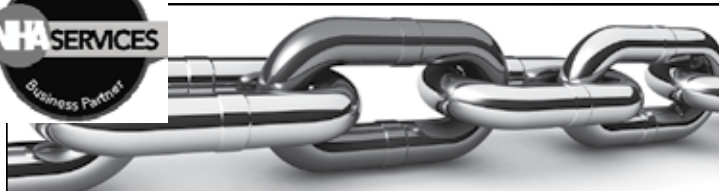

The NHA's vision is to be the state's most influential, trusted and respected voice in health care policy and advocacy, a valued resource for information and knowledge, and a leader in patient safety.

STRATEGIC FRAMEWORK

The Nebraska Hospital Association has been the guiding force of its members since 1927. The NHA serves as the influential voice of its members in the health care legislative and public arenas, promoting delivery of quality health care and influencing public opinion of hospitals and health networks. Members depend on the Association for information, advice, education and changes in health care regulations, legislation, trends and other issues.

To accomplish its mission and serve its members, the NHA has developed a strategic framework that consists of four pillars: Advocacy & Policy, Information & Knowledge, Strategic Collaboration and Quality & Safety.

To uphold these pillars, the NHA builds on a secure values-based foundation comprised of Integrity, Transparency and Accountability. Everything the NHA does is designed to assist our members in their quest to provide quality care to Nebraska's patients, families and communities.

Finally, a supply chain solution just for community hospitals.

Save 10 percent or more buying the same products and services.

NHA SUBSIDIARIES

NHA Services, Inc. is a subsidiary organization of the Nebraska Hospital Association (NHA). Designed to reduce health care expenses, NHA Services is collaboration among the NHA, NHA member hospitals and other Nebraska health care organizations and providers. The NHA Services successful volume aggregation model is key to achieving best value for all members. The NHA Services Board of Directors leads the organization's contract decision-making process. NHA Services helps providers find cost-effective, appropriate solutions to their operational challenges. Using "NHA Services Preferred Business Partner" provides direct financial support to all NHA programs. The more we share, the more we succeed.

NHA Services, Inc. is guided by the following principles:

- The products and services provided by the preferred business partners will generate value-added benefits for members and offer ways for hospitals, health care organizations and health care providers to minimize costs, recover revenue, improve operational efficiencies, improve management and quality, increase productivity, develop staff resources and apply new strategies.
- The partners selected will meet high standards for quality, service and integrity, and provide products and services at a discounted fee and/or with added benefits for members.
- NHA members can be assured of continuous performance monitoring of all partners.
- The NHA Services Board of Directors recognizes that there are multiple qualified vendors in any endeavor. The partners that are carefully vetted and selected by the Board are not promoted as, or intended to represent, the "best" or only solutions available to member hospitals, health care organizations and health care providers in the state. As a result of evaluation and analysis of each partner, the Preferred Business Partnership program is intended to discover a proven top vendor, thereby assisting members by reducing the need for them to invest considerable time and financial resources on their own due diligence process.
- As a business practice perspective, at any given time the Preferred Business Partner roster may include only a single vendor representing a particular product or service.
- The NHA Services Board of Directors, whenever possible, will seek recommendations from NHA members that have had experience with quality vendors that could be considered to be potential candidates for endorsement.
- NHA members are not bound by any obligation to work with vendors endorsed by the NHA Services Board of Directors.
- The Preferred Business Partnership program is intended to provide a source of funding to the NHA to support activities and programs on behalf of member hospitals.

For more information

Contact Jon Borton, vice president, NHA Services, Inc., at 402/742-8147 or jborton@nebraskahospitals.org.

NHA Services preferred business partners provide a variety of services and products that can help Nebraska hospitals to thrive.

To find out more about the preferred business partners at nhaservices.org.

A dark, textured graphic for HighPoint SOLUTIONS. At the top right is the HighPoint SOLUTIONS logo, with 'HighPoint' in a large, white, sans-serif font and 'SOLUTIONS' in a smaller, white, sans-serif font below it. In the center, the text 'Partner with us to' is in white, followed by 'Build a Better Way of Business' in a larger white font, enclosed in large white square brackets. Below this, the text 'for your healthcare organization.' is in white. At the bottom right, there are four small white icons for social media: Twitter, LinkedIn, Facebook, and a plus sign. At the very bottom, the website address 'www.highpointsolutions.com' is written in white. In the bottom left corner of the graphic, there is a circular logo for 'NHA SERVICES Preferred Business Partner'.

NHA SUBSIDIARIES

RESEARCH AND EDUCATIONAL FOUNDATION

The main goal of the NHA Research and Educational Foundation (NHAREF) is to provide educational opportunities that enable NHA members to remain current and respond to advances in health care. The NHAREF also strives to:

- Provide quality on-site educational programs and a wide variety of other services such as web-based programs, webinars, training products and publications to assist health care providers in meeting state and federal regulations, maintaining quality delivery of patient care and improving health.
- Maintain an excellent grasp on current health care issues and be adept at anticipating members' education needs.
- Identify partners in education who offer the content, expertise and communication skills necessary to teach professional adults in an effective manner.
- Offer scholarships designated for students interested in health care careers. These scholarships support the future leaders in their efforts to earn a high-quality education.

The NHA Education Advisory Group assists NHA staff members in efforts to provide relevant and high-quality educational offerings for NHA member hospitals, and discuss the areas of greatest need for education of hospital staff and suggest methods the Association can use to assist hospitals in meeting those needs over the next 12-18 months.

Find out more about the NHAREF at nebraskahospitals.org/education. If you have questions, contact Brian Noonan, senior director of communications and education, at 402/742-8151 or email bnoonan@nebraskahospitals.org.

Bio-Electronics

Medical Equipment Service

A subsidiary of the Nebraska Hospital Association

Bio-Electronics is a wholly owned subsidiary of the Nebraska Hospital Association (NHA), providing preventive maintenance, repair and management of medical equipment to health care facilities in Nebraska and surrounding states.

Since 1976, Bio-Electronics has been a leader in its field by meeting the demand for expert yet cost-effective maintenance services for advanced medical equipment.

Services provided by Bio-Electronics include:

- Inspection and preventive maintenance (PM) of biomedical, diagnostic imaging and laboratory equipment.
- Equipment sales and repairs – Bio-Electronics has partnerships with various vendors to sell diagnostic imaging equipment.
- Contract management which provides Bio-Electronics' customers with a way to reduce their overall maintenance expense and administrative cost and duties associated with managing vendor contracts, relationships, and payments.
- Equipment service and documentation system designed to meet manufacturer specifications as well as local, state, federal and voluntary regulating agencies requirements (i.e. The Joint Commission, Medicare/Medicaid Certifications, DNV and State Radiological Health Agencies).
- Technology assessment, repairs history and consulting on equipment purchases.
- Service agreements with 200+ healthcare facilities.
- Technicians located in Omaha, Lincoln, Norfolk, Kearney, Hastings, Grand Island, Scottsbluff and Sioux City areas.

For more information about Bio-Electronics' services, visit bio-electronics.com or contact Vicki Fintel, customer account manager, at 402/742-8160 or 888/449-4980 (toll free).

NHA EDUCATION RESOURCES

Advocacy Day

To accomplish its mission and serve its members, the NHA proactively positions itself as the most respected, knowledgeable and influential resource for the development of health care policy by providing strong leadership, communicating effectively and strategically collaborating with policymakers, NHA members and other stakeholders. NHA Advocacy Day is a half-day workshop designed to provide hospital CEOs, advocacy team members, trustees, key hospital staff, state senators and their staff, leaders of DHHS and other state health care advocates with important information about state and federal legislative issues. The event culminates with a luncheon with Nebraska's state senators. The event is held annually in the spring during the legislative session. For more information, visit nebraskahospitals.org/advocacy/advocacyday.html.

Annual Convention

The NHA Annual Convention is the largest gathering of health care professionals in the state and brings together hundreds of individuals to gain insight on leadership, new technology and industry trends, quality excellence and employee motivation. Hospital employees also have the opportunity to network with colleagues and make business contacts at the trade show. The convention features keynote sessions by nationally renowned speakers and individual breakout sessions covering a variety of timely industry-related topics. Several Association affinity or allied groups host meetings in conjunction with the annual convention, allowing the opportunity to connect interdisciplinary groups and leverage the broader focused content while reserving time for more intimate discussion with peers. The NHA Awards Banquet recognizes individuals receiving various awards presented by the Association and recognition of the NHA Leadership Institute graduates. The convention also features the beloved The Caring Kind Luncheon where the best and brightest Nebraska hospital employees, selected by their peers, are presented with "The Caring Kind" award. For more information, visit nebraskahospitals.org/education/events/nha_annual_convention.html.

Emergency Preparedness

Disasters can happen at any time and Nebraska's hospitals serve as a valuable resource by preparing their staff, facilities and the community for an emergency. Through workshops, training, communication and strategic partnerships, the Nebraska Hospital Association equips hospitals with the knowledge and tools to effectively prepare for and manage an emergency.

Health Care Career Scholarship Program

The NHA Research & Educational Foundation provides scholarships for graduate and undergraduate students pursuing a career in health care. The graduate scholarship program awards 8 individual recipients with \$3,000 for an academic year. The undergraduate scholarship program awards 10 individual recipients with \$1,000 for an academic year. Scholarship submission generally begins March 1 of each year. For more information about the NHA Health Care Career Scholarship Program, visit nebraskahospitals.org/education/hc_careers.

Hospital Trustee Community Accountability Education Certification Program

The NHA Foundation has developed a special, voluntary trustee education certification to make a good board member great, and a committed board member an exceptional asset. This education certification is a process of verifying an individual trustee's initiative to improve personal health care knowledge, leadership effectiveness and compliance with a variety of governance best practices. It also provides trustees with an opportunity to move beyond the basics of governance to a forward thinking, strategic understanding of the health care environment and how to move their hospital's mission and vision to a new level. For more information, visit nebraskahospitals.org/education/trustee_education.html.

Leadership Institute

The NHA Leadership Institute provides up-and-coming leaders within hospitals the necessary skills to become exceptional leaders and puts them on the pathway to senior management positions. Experts from the Bellevue University Corporate Learning Department serve as faculty for the Leadership Institute. This 10-month program designed to instruct, inspire and invigorate. This initiative includes a comprehensive curriculum, combining core leadership competency working sessions and multiple layers of applied practice in health care. For more information, visit nebraskahospitals.org/education/leadership_institute.

NHA EDUCATION RESOURCES

Nebraska Health Care Administrative Professionals Conference

This annual event honors the special dedication of Nebraska's hospital and health care administrative professionals. Every day, administrative professionals across the state exceed standards of excellence by providing outstanding support in their facilities. We encourage all NHA member hospitals and health systems to support their administrative professionals from any department in attending this conference. Talented, bright and experienced administrative professionals are integral to health care organizations and this conference is intended to provide new, fresh ways to excel in an administrative position. For more information, visit nebraskahospitals.org/education/events/

Nebraska Leadership Summit

For many years, the Nebraska Hospital Association, Nebraska LEAD Program, Nebraska Farm Bureau, Nebraska Bankers Association and Nebraska Chamber of Commerce and Industry have all proactively trained emerging leaders through their respective leadership development programs. Many of these highly-motivated leadership alumni have gone on to assume increasingly important leadership roles within their organizations, companies, communities, state and nation. These organizations come together biennially to offer alumni of their leadership programs the opportunity to foster new dialogue, discuss creative solutions and develop relationships geared to making Nebraska an even stronger place for the next generation. For more information, visit nebraskahospitals.org/education/events/nebraska-leadership-summit.html.

Online educational programs - *careLearning* and *careSkills*

The NHA Foundation, in cooperation with more than 40 other state hospital associations and the American Hospital Association, has developed *careLearning.com*, an Internet-based education management solution. Its sole purpose is to develop and deliver a range of just-in-time training and educational for health care providers, and it also has the ability to manage and track employee, physician and other non-employee records.

careLearning also offers *careSkills*—a competency management solution for health care organizations. A competency management system allows an organization to identify, assess and analyze the skills, knowledge and abilities required to effectively perform jobs and tasks. Leaders and manager can use this data to make informed decisions about their workforce. *careLearning* provides more than 500 online courses for NHA member hospitals, which are listed on the following pages. For more information, visit careLearning.com.

One Book One Hospital Program

In 2007, the NHA Foundation began the award-winning "One Book One Hospital" program. One Book projects (community-wide reading programs), initiated by the Washington Center for the Book in 1998, have been introduced across the U.S. and around the world. At the end of each year, health care providers from Nebraska are offered the opportunity to sign up to read a series of books at the same time beginning in the new year, and participate in related activities and forums for discussion of the books.

The goal of One Book One Hospital is to foster a sense of community through reading and stimulating discussion of a common book and enhance the reading experience with related educational program components. For more information, visit nebraskahospitals.org/education/one_book.

Onsite training assistance

The NHA Foundation has resources available to assist hospitals with on-site training and education. Organizations have chosen the NHA to secure quality speakers, trainers, facilitators and customized educational programs for meeting their individual needs. The NHA can provide assistance with education that meets the strategic learning and business objectives of the hospital and education that utilizes a variety of delivery formats with extensive learning resources. Contact Brian Noonan at bnoonan@nebraskahospitals.org for more information.

WE RISE ABOVE

Our Vendor-Neutral Managed Services Program is the quickest and easiest to use clinical and non-clinical vendor and talent management solution for healthcare providers.

Contact us today to benefit from partnering with the nation's largest talent management solution provider like hundreds of other healthcare providers do.

NHA EDUCATION RESOURCES

Spring Forum

The NHA Spring Forum (formerly called the Mid-Year Meeting) is smaller than the NHA Annual Convention and has historically been targeted for rural hospital members of the Association. Rural health care leaders are actively transforming their organizations. For more than 50 years, the Spring Forum has brought together top practitioners and thinkers to share strategies and resources for sustaining the rural health care system. The meeting brings a unique focus on innovative ideas, thoughtful insights, and tested strategies for improving rural health care and developing the thoughtful leadership that can produce results. This event is held in conjunction with the summer meetings of the Nebraska Chapters of the Healthcare Financial Management Association (HFMA) and Nebraska Human Resources professionals. The NHA and HFMA also co-sponsor an annual golf tournament that in conjunction with the Spring Forum. The event is held annually in May in greater Nebraska. For more information, visit nebraskahospitals.org/education/events/springforum.html.

NHA 365 Mobile App

Our new 365 mobile app will allow our members to access the NHA's events and information year-round. Not only does the app give you access to our educational events, but many other things such as Legislative tracking, newsletters, surveys, itinerary, one touch calendar integration for all attendees, points of interest, GPS directions and maps, push notifications (to instantly reach all members and/or attendees to remind them of meeting times, etc.), info on speakers and vendors, live polling, and much more. Download the app at the iTunes store or Google Play and search for NHA365.

Western Regional Trustee Symposium

The NHA, along with seven other state hospital associations (Arizona, Idaho, Montana, Nevada, New Mexico, South Dakota and Utah) co-sponsor the annual Western Regional Trustee Symposium (WRTS). The mission of the symposium is to offer quality health care governance programming at an affordable cost. Designed for hospital trustees, the program broadens the participants' awareness of current health care trends that affect them, and how they serve their boards and communities. Best practices of successful health care governance are shared for practical application in the boardroom. WRTS provides excellent networking opportunities for trustees and leaders from hospitals of varying size and scope. Event is held annually in June, rotating between the co-sponsoring states to host the event. The Nebraska trustee representative is Galen Wisner, member of the board of trustees at Providence Medical Center in Wayne, Nebraska. If you have any questions, feel free to email him at gwiser67@gmail.com. Follow us on Twitter! @WRTS_Symposium. For more information, visit trusteesymposium.org.

Webinars

Webinars are a form of computer-based training where training material resides on web pages accessible through the Internet. Webinars are as effective as on-site presentations without the travel expense. The NHA is the second largest producer of health care-related webinars among the 50 state hospital associations. These programs, in addition to others obtained from outside sources, provide a wide variety of educational webinars, covering many topical areas. A variety of health care educational webinars are offered throughout the calendar year. Find out what is offered at nebraskahospitals-org.presencehost.net/education/events

NHA SPECIALIZED PROGRAMS

Affiliate Membership Program

The Affiliate Membership Program is part of an ongoing effort to strengthen and build alliances between Nebraska's health care providers, and the organizations that support them in their mission. There are many benefits to becoming an affiliate member of the Nebraska Hospital Association and there are several different levels of membership to fit your organization's needs. For more information, visit nebraskahospitals.org/about_us/membership.html

Health Data & Information

As the influential voice of Nebraska's hospitals, the NHA positions itself as a respected and knowledgeable resource for health care policy information. It will work to provide reliable and comprehensive health data and information about health care services, health care trends, clinical outcomes and the impact on and implications for Nebraska health care providers.

Nebraska DATABANK

Nebraska DATABANK is a web-based database of hospital utilization and financial indicators. This program provides participating Nebraska hospitals with useful, comparative data to benchmark a variety of indicators. For more information, visit nebraskahospitals.org/health_data/health_data_home.html.

Compensation Evaluation Tools

The NHA partners with Compdata Surveys to conduct comprehensive compensation surveys of the membership, which results in timely and relevant salary and benefits data being available for NHA members for a wide variety of job titles. Having access to up-to-date data is critical for NHA members to ensure that their salary and benefit packages are fair and competitive.

Impact Analysis Reports

The NHA partners with DataGen, a subsidiary of HANYS (Hospital Association of New York State) to produce and distribute valuable reports to our member hospitals that estimate the impact of various federal provisions. The NHA impact analysis reports provide members with critical information regarding the impact of federal legislation and regulations on hospitals in the state of Nebraska and on their individual facility specifically.

Nebraska Hospital Information System

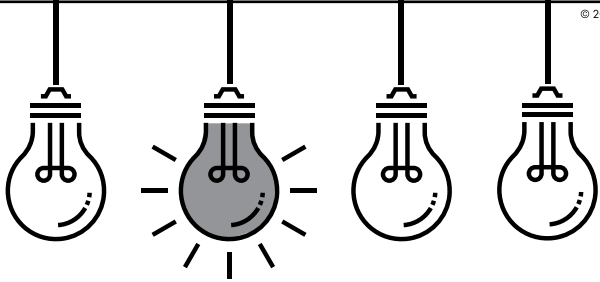

The NHA Nebraska Hospital Information System (NHIS) collects and analyzes accurate and reliable Nebraska hospital administrative claims data. The NHIS data is used for analysis and decision-making relative to the health care needs of the state of Nebraska and its residents. For more information, visit nebraskahospitals.org/health_data/nhis.html.

Nebraska Health Information Initiative

The Nebraska Health Information Initiative (NeHII) is a 501(c)3 non-profit organization with a public/private governance model that includes health care providers, payers and the State of Nebraska. NeHII is a statewide health information exchange designed to share clinical and administrative data among providers in Nebraska and neighboring states. NeHII's purpose is to achieve health care transformation through community betterment collaboration while protecting the security and privacy of medical information. For more information, visit nehii.org.

JobLink

Employers can recruit from local and national talent pools through NHAJobLink.org. The Nebraska Hospital Association, in partnership with the National Healthcare Career Network (NHCN), offers this online recruitment resource for its membership.

WIPFLI
HEALTH CARE PRACTICE

NHA SPECIALIZED PROGRAMS

NHA/NHCA Collaborative Task Force on Post-Acute Services

In partnership with the Nebraska Health Care Association (NHCA), this task force is charged to identify ways in which hospitals, nursing homes, assisted living facilities, hospice and other post-acute services can interrelate to improve care available to older adults in various settings.

Nebraska Hospital Association Political Action Committee (NHA PAC)

The primary purpose of the NHA PAC is to build a team of policymakers in Nebraska and at our nation's capitol who understand the importance of Nebraska's hospitals in our communities. These policymakers impact state and federal regulations that affect the ability of Nebraska's hospitals to improve health care in their communities. Their influence over the laws that govern our capacity to deliver care efficiently and effectively is profound and is evident in state and federal laws that control health care activities.

It is the role of the NHA PAC to strengthen the ability of our members to improve health care for our state's citizens. The PAC accomplishes this through accepting contributions and making expenditures either in support of or in opposition to the election of candidates. For more information on the NHA PAC, contact David Slattery, director of advocacy, at 402-742-8153 or dslattery@nebraskahospitals.org. Visit nebraskahospitals.org/advocacy/nhapac.html for more information also.

Quality & Patient Safety

Care Compare

The NHA Care Compare website, allows health care consumers to obtain basic information about inpatient services and charges at Nebraska hospitals. The Nebraska Hospital Association and its member hospitals have voluntarily made this information available to help consumers become better informed about their health care. This website provides information on hospital charges and quality of care, provides links to individual hospitals in Nebraska, and answers commonly asked questions about health care charges. This information is not designed to offer medical advice and is only one of many sources available to assist consumers. For more information, visit nhacarecompare.com.

Clinical Outcomes Measurement System

The Clinical Outcomes Measurement System (COMS) was developed at the request of NHA member hospital CEOs. The COMS is designed to provide hospitals with information on selected clinical indicators and outcomes. The information provided helps the hospital focus on areas where their outcomes may be different than the outcomes of their peers. The COMS information is only available to NHA member hospitals and provides feedback on length of stay, mortality rates, readmission rates, AHRQ patient safety indicators (PSI) and inpatient quality indicators (IQI).

Critical Access Hospital Conference on Quality

The Nebraska Hospital Association offers a Nebraska Critical Access Conference on Quality annually. This day-and-a-half conference focuses on quality issues important to the critical access hospitals. Nationally recognized experts provide a keynote address each day and peer to peer sharing and learning fill the remainder of the days. Nursing continuing education hours are provided. For more information, contact Monica Seeland at mseeland@nebraskahospitals.org.

Hospital Improvement Innovation Network (HIIN)

The Nebraska Hospital Association is partnering with the American Hospital Association's Health Research & Education Trust (HRET) in a two-year Hospital Improvement Innovation Network (HIIN) contract to continue efforts to reduce all-cause inpatient harm by 20 percent and readmissions by 12 percent by 2019. There are over 1,600 participating hospitals, 32 state hospital associations, 6 QIN-QIOs and more participating. For more information about the HIIN, contact Monica Seeland, Vice President, Quality Initiatives, at 402/742-8152 or mseeland@nebraskahospitals.org.

Leaders in Quality

Nebraska hospitals and their innovative approaches to improving quality of care are showcased on the NHA website on the Quality & Safety page. These short videos highlight one aspect of care and what hospitals are doing to improve the delivery of health care. View them at nebraskahospitals.org/quality_and_safety/leaders_in_quality.html

NHA SPECIALIZED PROGRAMS

Nebraska Coalition for Patient Safety

The Nebraska Coalition for Patient Safety (NCPS) was formed in 2005 and seeks to create a culture of safety in Nebraska by providing for the following: (1) legal protection for information about patient safety events that is reported to a patient safety organization (PSO); (2) the reporting of aggregate information by providers and organizations about patient safety events to a PSO; and (3) the public reporting of aggregate patient safety events and sharing of information by a PSO to improve the systems used to deliver care in Nebraska. For more information, visit nepatientsafety.org.

Quality Committee

The purpose of the Quality Committee is to provide direction to the NHA and Nebraska's hospitals by identifying/prioritizing initiatives for the state, supporting the active participation of all Nebraska hospitals in the initiatives, identifying stakeholders with whom to partner to reduce redundancy and strengthen initiatives, and supporting the dissemination of reliable, accurate information for use in quality improvement, public reporting and advocacy efforts. During 2016, the Quality Committee continues its focus on reducing catheter-associated urinary tract infections (CAUTI), early elective deliveries (EED), central line-associated urinary tract infections (CLABSI) and preventable readmissions

Quest for Excellence Award

The Quest for Excellence Award is sponsored by the Nebraska Hospital Association, CIMRO of Nebraska, the Nebraska Department of Health & Human Services and the Nebraska Association for Healthcare Quality, Risk and Safety. This award recognizes one Nebraska Critical Access Hospital (CAH) and one non-CAH that have demonstrated an innovative and reproducible initiative to improve quality. For more information on submitting an application, contact Monica Seeland at mseeland@nebraskahospitals.org.

Rural Quality Improvement Steering Committee

This committee is comprised of individuals from Nebraska Critical Access Hospitals (CAHs), network hospitals, CIMRO of Nebraska, the Nebraska Department of Health & Human Services, the Nebraska Rural Health Association, the Nebraska Association of Healthcare Quality, Risk & Safety and the Nebraska Hospital Association. The committee focuses on the challenges unique to Nebraska's 64 NHA member CAHs.

Nebraska Hospital Association Website (nebraskahospitals.org)

In an effort to provide the latest hospital and health care-related news, information and resources in a single, convenient, searchable format, the Nebraska Hospital Association has developed a user-friendly website. The website features easy navigation, a search function and a cleaner, crisper look, providing a one-stop resource for hospital and health care-related information in Nebraska. The goal of the site is to provide a convenient, easy-to-navigate resource.

ADVOCACY

Legislature Lately

Legislature Lately highlights key state and federal issues that impact hospitals and the health care industry. This electronic newsletter is produced and distributed when the Nebraska Legislature is in session and throughout the rest of the year. From health care reform to state legislative races, *Legislature Lately* covers a wide breadth of issues, keeping you up to date on the latest issues, developments and changes in the legislative arena.

NHA COMMUNICATION RESOURCES

Legislative Wrap-Up

A publication summarizing the previous legislative session and any new or pending legislation's effect on health care delivery.

Vocus

A government relations software that helps the NHA manage grassroots networks, monitor legislation and track PAC activities. It provides complete grassroots management, featuring a comprehensive database of federal and state legislative contacts.

VoterVoice

VoterVoice (nebraskahospitals.org/advocacy/votervoice.html) is an online grassroots advocacy program where members can easily communicate with their state legislature and federal delegation via email letters and social media.

COMMUNICATIONS

Health Care on the Horizon

Health Care on the Horizon is a PowerPoint® presentation that provides an overview of health care in Nebraska. This free communication resource assists member hospitals in educating and building relationships with community leaders.

Healthier Nebraska

Healthier Nebraska is a quarterly publication that provides a comprehensive overview of current stories and issues pertaining to hospitals and health care providers in Nebraska.

Each publication features a member hospital, the challenges and opportunities it faces, and the positive changes and improvements they made. It also provides a more comprehensive overview of issues that Nebraska hospitals face in the areas of state and federal advocacy, quality issues, health care and information technology, and education.

Member Value Report

The NHA Member Value Report highlights the collective successes during the year and acknowledges the challenges the Nebraska Hospital Association and its members face — and continue to face.

This report serves as a summary of the NHA's efforts to be the influential voice for Nebraska's hospitals and health systems, and to improve health care in our state.

Newslink

Newslink is a weekly member-focused electronic newsletter that highlights member achievements, recognitions and initiatives. Newslink also provides information on positive trends in health care and continuing education opportunities. This weekly newsletter features state and federal health care news, member hospital news and current health care topics of interest.

Nebraska Health Care Resource Directory

The Nebraska Health Care Resource Directory is produced each year for the benefit of NHA member hospitals and health systems, health care allied organizations, affiliate members, federal and state legislative delegates, and others who collaborate with the NHA.

Hands-On Help With Health Care Finance

Experienced with revenue and general obligation bonds in both public offerings and private placements, **D.A. Davidson & Co.** is well qualified to assist healthcare institutions with infrastructure financing. Types of organizations we have served include hospital systems, independent hospitals, community hospitals, critical access hospitals and senior living facilities.

Contact **D.A. Davidson & Co.** while you are in the planning stages for a no-cost consultation.

Nebraska Hospitals Community Benefits Report

The Nebraska Hospitals Community Benefits Report highlights the community benefit contributions from Nebraska hospitals for the fiscal year. These community benefits include traditional charity care, unpaid costs of public programs, community benefits services, research, health professions education, subsidized health services, cash and in-kind donations, and community building activities.

This annual publication features how Nebraska's hospitals, as a matter of mission, go above and beyond the delivery of core health care services. Providing hundreds of millions of dollars in community benefits each year, Nebraska's hospitals are dedicated to improving the health and well-being of their patients and their communities. However, behind every community benefit dollar there is a human being — a lifesaving procedure provided to a child, a mother diagnosed in the early and treatable stages of breast cancer, or a grandparent offered a critical heart medication. To every Nebraskan whose life has been enhanced by these charitable services and programs, community benefits go far beyond the numbers.

Social Media

The Nebraska Hospital Association maintains a social media presence to stay connected and present stories of interest to hospital members, partnering agencies and for public awareness. The NHA utilizes social media to provide timely information about important hospital and health care-related issues. The NHA also posts hospital activities and initiatives intended to improve quality and enhance patient outcomes and experiences. Follow us online via Twitter (@NebHospitals), Facebook (facebook.com/NEhospitals) and YouTube (youtube.com/nebhospitals).

EDUCATION

e-Bulletin

The NHA e-Bulletin is a monthly electronic newsletter focusing on educational information about events, programming and resources related to health care education.

QUALITY & SAFETY

Care Compare

The NHA Care Compare website (nhacarecompare.com) allows health care consumers to obtain basic information about inpatient services and charges at Nebraska hospitals. The Nebraska Hospital Association and its member hospitals have voluntarily made this information available to help consumers become better informed about their health care. This website provides information on hospital charges and quality of care, provides links to individual hospitals in Nebraska, and answers commonly asked questions about health care charges. This information is not designed to offer medical advice and is only one of many sources available to assist consumers.

Emergency Preparedness News

The NHA Emergency Preparedness News electronic newsletter is distributed on the first Tuesday of every month and on an as-needed basis when time-sensitive information needs to be shared with NHA member hospitals. The Emergency Preparedness News includes updates on information from local, state and federal agencies pertaining to disaster readiness, compliance and other issues of importance to hospital emergency preparedness coordinators. Preparedness information for NHA member hospitals is also shared via Twitter. Follow @NHA_EPNEWS. For more information about NHA's efforts related to emergency preparedness or to subscribe to the NHA Emergency Preparedness News, contact Jon Borton, VP, NHA Services, Inc., at 402/742- 8147 or jborton@nebraskahospitals.org.

NHA MEMBER HOSPITALS BY DISTRICT

The NHA's member hospitals and health systems are divided into five districts. The NHA hosts three meetings in each district annually — one in the spring, one in the summer and one in the fall — at different locations throughout those districts. These meetings provide face-to-face networking with peers, discussion of pertinent issues and updates on the work the NHA is doing on the behalf of its members. The chair and vice chair of each district are represented in the next few pages. Feel free contact them if you have any questions.

MCAG's Settlement Recovery Service

WHY AM I ELIGIBLE TO RECEIVE MONEY?

Many class action settlements are applicable to your organization because of purchases you made, services you received, or due to terms within contracts you entered.

WHAT DO I NEED TO DO TO RECEIVE THE MONEY?

Enroll in MCAG's SRS by providing basic demographic information and we will find and pursue applicable settlements on your behalf.

HOW CAN I ENROLL?

Visit settlements.mcaginc.com and enter the access code **NHA123** to learn more about our service and to enroll securely online.

MCAG 3434 Granite Circle • Toledo, Ohio 43617 • 800.355.0466 • settlements@mcaginc.com

NHA ADVOCACY & POLICY

NHA Advocacy Day

To accomplish its mission and serve its members, the NHA proactively positions itself as the most respected, knowledgeable and influential resource for the development of health care policy by providing strong leadership, communicating effectively and strategically collaborating with policymakers, NHA members and other stakeholders. NHA Advocacy Day is a half-day workshop designed to provide hospital CEOs, advocacy team members, trustees, key hospital staff, state senators and their staff, leaders of the Nebraska Department of Health & Human Services and other state health care advocates with important information about state and federal legislative issues. The event culminates with a luncheon with Nebraska's state senators. The event is held annually in the spring during the legislative session.

NHA policy development process

The NHA's policy development process has the advantage of engaging the expertise and experience of several groups. They are the NHA board of directors, the Policy Development Committee (PDC), Policy Team and Advocacy Team. Each group plays an integral part in ensuring that the NHA participates in development and support of efficient and effective policy.

The NHA policy priorities are comprised of more than just health care proposals. Nebraska's hospitals, while focused on the delivery of care, are also employers, educators and community members. The policy development process encompasses a diverse array of topics and diverging purposes with a variety of needs involving many stakeholders.

The policy development process occurs in two ways: through 1) identification of needed policy and 2) assessment of introduced legislation. Each summer, the board initiates the policy development process by reviewing the annual member "Policy Development Process State Survey" and conducting a needs assessment of critical issues for the upcoming legislative session. Once an issue has been thoroughly researched and analyzed by the NHA Staff, the position and strategy recommendation is sent to the PDC to decide how the NHA should proceed regarding potential legislation.

The PDC is an invaluable group of key hospital leaders who work year-round as coordinators, promoters and advocates of legislative health issues. The PDC reviews each recommendation and after deliberation, formulates recommendations for the NHA board of directors. The board then determines if the NHA Advocacy Team should develop legislative proposals to address the issues that the PDC has reviewed. The board may reject the recommendations, formally adopt (requiring a majority vote), or amend and adopt them. If the board adopts a proposal or proposals, the NHA Advocacy Team works with stakeholders, other associations, policymakers and members to develop sound policy for introduction in upcoming legislative session.

Once the legislative session begins, the NHA Policy Team, made up of NHA staff, assesses all introduced legislative bills and identifies those bills of interest relevant to Nebraska's hospitals. These are presented to the PDC, who determine which ones are priorities for the legislative session. The priorities are presented to the board, who similarly reject, adopt or amend and adopt them. The NHA Advocacy Team then represents the members accordingly, throughout the legislative process.

Back to "double trouble"! So thankful!

Hey Doc! No crutches!

My new hip in action!

© 2018 MMIC Insurance, Inc.

Because you change lives, every day.

At MMIC, we know delivering life-changing health care is a challenge, and we think the benefits are worth the risks. That's why our insurance is comprehensive, and we offer a variety of options so you get the coverage that's right for you. And, our policies come with brainpower—our responsive team is here to help you minimize your risks and stay current. So your hospital can keep on changing lives— one patient at a time.

NHA AFFILIATE MEMBERSHIP PROGRAM

By working together toward a common cause, we will accomplish more than any one of us can do alone. The Nebraska Hospital Association is proud of its distinguished list of affiliate members. Together, we are focused on helping hospitals and health systems provide high quality health care to their communities.

The NHA Affiliate Membership Program is part of an ongoing effort to build and strengthen alliances between Nebraska's health care providers and the organizations who support them in their mission. There are many benefits to becoming an affiliate member of the Nebraska Hospital Association. The NHA offers several levels of affiliate membership, each extending a variety of advantages to your company for an annual membership fee:

- Platinum
- Gold
- Silver
- Bronze
- Partner
- Patron

The NHA is proud to have many members in the Affiliate Membership Program. We host many events and educational programming throughout the year that are included as part of Affiliate Membership Program benefits. The NHA's annual events include Advocacy Day, Spring Forum & Golf Tournament, Leadership Institute and the Annual Convention. Benefits of the Affiliate Membership Program also include exposure for your company in several NHA publications, including the *Nebraska Health Care Resource Directory*, *Healthier Nebraska* quarterly magazine, the *Member Value Report*, *Newslink*, *e-Bulletin* and the Annual Convention registration book. You also receive exposure on the NHA website.

The NHA's largest event, the Annual Convention, is Nebraska's largest statewide health care event and trade show, providing 2-1/2 days of one-on-one networking opportunities with Nebraska health care decision makers and typically more than 900 attendees.

The NHA Annual Convention attendees include CEOs, CFOs, COOs, CNOs, CIOs, human resource managers, purchasing, marketing, IT, safety/quality managers, engineers and many others.

Find out more about the NHA Affiliate Membership Program at nebraskahospitals.org/about_us/membership.html.

Nebraska hospitals rely on NHA Affiliate Membership Program participants for a wide variety of products and services:

- accounting
- banking
- Chargemaster services
- coding and transcription services
- communication services
- construction and remodeling
- education
- electronic health record solutions
- equipment
- food service
- furnishings
- HIPAA-HITECH gap assessments
- IT support
- insurance and risk services
- legal consultation
- maintenance equipment
- management services
- marketing and advertising
- medical supplies
- office supplies
- pharmaceuticals
- pre-employment screening and verification
- pharmaceutical waste disposal
- professional liability insurance
- relocation and storage
- revenue cycle management
- security and protection services
- staffing/workforce solutions
- voluntary benefits
- waste collection
- website hosting and development
- workers' compensation coverage
- and many more

This seal signifies that the organization is a preferred business partner of NHA Services. Find out more at nhaservices.org.

Thanks to Methodist,
my family is living healthier.

METHODIST

The meaning of care.®

We share a special history with generations of families in this area, helping them through life-changing events and sharing those moments of joy as they overcome challenges and become healthier. And that history lives on with a new generation of patients as we continue to make the future stronger for our community.

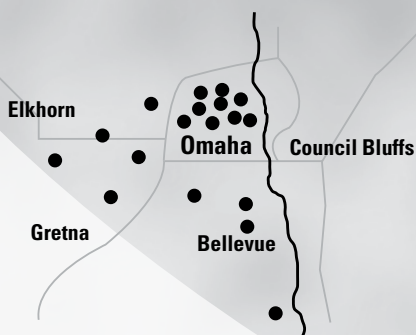

bestcare.org

©2018 Methodist Health System

Extraordinary care for the extraordinary people in your world.

Nothing's more important than your family's health. That's why you start with Nebraska Medicine. Where every primary care doctor and every specialist is part of one of the fastest growing research centers in the country. Which means the latest innovations to keep you healthy. Groundbreaking treatments and technology for something serious. And more than 1,000 doctors in 19 locations, so you never have to go far from the ones closest to you.

This is where you begin. | 800.922.0000 | NebraskaMed.com/Health

CHI Health

WHAT DOES IT MEAN TO IMAGINE?

Does it mean you aim higher?
Dream bigger? Demand better?
At CHI Health, we think so.

We believe imagination has
the power to transform.

Transform your world,
your health, your life.

Inside our walls, our imagination
is always on. Always seeking
new ways forward.

That's because we imagine
a different kind of care.

Care that revolves around **you**.

IMAGINE THAT.

See how we're reimagining care at CHIhealthImagine.com
