Target Audience

Hospital & Health System CEOs, CFOs, Reimbursement Directors, Managed Care Directors, Patient Financial Services Managers, Compliance Officers, and Managed Care Directors.

Course Curriculum

The North Carolina Healthcare Association and the North Carolina Chapter of Healthcare Financial Management Association will host the **2020 Annual Government Payors Summit as a two-part webinar series due to the COVID-19 pandemic**. These webinars will update providers on the latest Medicare legislative and proposed regulatory changes under consideration by both Congress and the Administration for fiscal year 2021 and beyond, and provide a forum to address Medicare reimbursement and audit issues, Medicare bad debt requirements and the new price transparency regulations.

Learning Objectives

Recognize the latest actions and rationale for changes proposed to Medicare payments, prepare for and share information with others, and identify how other payers could adopt Medicare payment changes.

Speaker Bios

Mr. Polito has more than 25 years of experience in healthcare regulatory services. His areas of expertise include Medicare cost reporting, Medicare DSH, medical education, organ acquisition, nursing and allied health, Medicare bad debts, and Medicare wage index. Over the last 10 years, Third Party Reimbursement (TPR) has evolved into a national consulting firm and provides full service Medicare and Medicaid reimbursement services.

With 35 years in healthcare, Ms. Griffith brings a unique perspective with her ability to draw upon her hospital operational experience and her keen understanding of government and commercial payments system regulations. Her prior experience includes fiscal intermediary auditor, corporate director of reimbursement and chief compliance officer for large health systems that includes hospitals, large and small as well as physician practice groups and post-acute care components.

Mr. Steedley serves as senior manager with DHG Healthcare's National Reimbursement Practice with over 16 years of healthcare experience. He serves clients on a wide range of engagements involving Medicare and Medicaid cost reports, appeals, provider based and rural health clinic assessments and conversions, Medicare bad debt, and other general reimbursement services.
