

The Past, Present and Future of Payments

December 9, 2020 1:30 – 2:30 CT

Please join us for a **free** webinar for NHA member hospitals offered by NHA Services and Preferred Business Partner paymerang.

Many organizations are adopting technology and automating to increase efficiency and save costs. Has your hospital or health system embraced electronic payments? Are you gaining all the benefits and avoiding the pitfalls? Find out how you can gain all the benefits and truly profit from them.

In the digital era, automation is driving the world towards efficiency in management and effectiveness in task accuracy. Adoption of new technology and automation are the pillars for saving costs in terms of time, money, and energy. Although businesses are taking an increasingly digital path, some have still been on the far side of this change.

- Have you embraced this change?
- Have you made electronic transactions your day-in and day-out part of your business practice?
- Have you compared the pitfalls and benefits yourself?

This webinar will cover everything from a base understanding to showing its effects for your business practice.

Learning Objectives:

- Recognize past B2B payment trends
- Identify current technology and benefits of leveraging electronic payments
- Project future of business payments and the role of automation

Who Will Benefit:

- Hospital CFOs/COOs/Finance Directors
- Business Office Managers
- Patient Billing/Accounting

Presenter

Eric Waldenmaier
Vice President of Business Development
paymerang

As Vice President of Business Development at paymerang, Eric Waldenmaier maintains partnerships with various state and national associations to reach health care audiences through webinars, conferences and referrals. For over seven years, he has helped clients streamline vendor disbursement, eliminate fraud and earn millions of dollars through their AP departments.
