

CMS Hospital Anesthesia Guidelines Webinar #T4068

DATE AND TIME

September 12, 2017
9:00 - 11:00 a.m. CT

OVERVIEW

Sue Dill Calloway will cover the CMS standards on pre-anesthesia evaluations, post-anesthesia evaluation and anesthesia services. Hospitals are required to have many policies including one for specific clinical situations involving anesthesia or analgesia. She addresses what anesthesia policies are required and must be documented during anesthesia. Our speaker will also review interpretive guidelines on moderate sedation and deep sedation.

OBJECTIVES

- Discuss the CMS policies and procedures related to anesthesia services.
- Identify the CMS list that must be documented in the intra-operative record, by the anesthesia provider.
- Discuss the CMS requirements that must be documented in the post-anesthesia evaluation
- Discuss the requirements for the pre-anesthetic assessment and that must be done within 48 hours of the time the first drug is given to induce anesthesia.
- Explain how the post anesthesia assessment must be done within 48 hours of the time the patient is sent to recovery (for CAHs - must be done before the patient leaves the hospital).

TARGET AUDIENCE

Hospital staff involved with CMS anesthesia compliance regulations and guidelines, including, but not limited to CMOs, CNOs, anesthesiology personnel, physicians, nurses, patient safety officer, risk managers, compliance officers and legal counsel and any staff involved in assisting with cases of anesthesia and moderate sedation.
