

Access Systems Program Demo for Nebraska Hospitals February 22, 2022 10:00 – 11:00 am CT

Please join us for a **free** webinar for NHA member hospitals offered by NHA Services and Preferred Business Partner Access Systems.

Access Systems is one of the few elite office technology providers that can help hospitals and health care systems of all sizes become more efficient in their business processes. With multiple locations across the Midwest and a full spectrum of managed services for copiers, printers, and document imaging. In our digital age, businesses need technology to operate. In fact, you could argue that technology is the lifeblood of business operations. Because of its importance, why settle for less than the superior technology, support, and service the Access Systems can provide your hospital.

With customized solutions, Access Systems can transform an organization to be more efficient and cost effective while still upgrading technology/features. Their team takes the time to better understand your organizations needs and concerns and gathers the tools to build a managed print strategy covering all your business needs. Access Systems understands the ever-changing business complexities are challenging, especially in the health care industry. Which is why they want to make sure their potential partners are confident in their managed print services provider. From their 2.3-hour average service call, on-location, response time and 92% first call efficiency to their customized billing – please join us for this demonstration webinar which will show you the value that Access Systems can bring to your hospital.
