

THROUGHPUT SURVEY REPORT OCTOBER 2024

The Nebraska Hospital Association, with input from its members, has created the following report highlighting the challenges with placing post-acute patients in our state. This report highlights the total number of patients awaiting post-acute placement – analyzed by differing data points. Addressing transition delays and optimizing the flow of patients continues to be a priority for the NHA and its members.

LB227 Overview:

- ✓ Provides a per diem Medicaid reimbursement to a hospital for a Medicaid patient who is eligible for discharge, but is unable to be transferred
- ✓ Directs DHHS to rebase inpatient interim per diem rates for CAHs
- ✓ Allows LTACHs to be eligible for Medicaid funding
- ✓ Creates a pilot program that provides financial incentives to post-acute facilities to accept patients with complex health needs

Nebraska's Current Long-Term Care and Assisted Living Facility Status

Over the past five years, more than 500 long term care facilities have closed nationwide.

As nursing homes and other post-acute settings provide critical services and support for our Nebraska patients, it is crucial that we work towards providing a smooth transition across the care continuum.
