TEMPERAMENT AND TEAMWORK

Jan Brauer, RN, BSN, MA, TeamSTEPPS Master Trainer, Co-Founder, Creating Team Solutions

Rhonda Fisher, RN, BSN, CEN Clinical Program Lead for Team Training, The American Hospital Association

DESCRIPTION:

Team dynamics are a key contributor to patient safety and staff satisfaction. This 90-minute, interactive session will cover the elements of strong teams, explore the DISC tool as it relates to your team, and strategize how to deploy each member of your team into their place of strength for improved performance and patient safety. Participants will discover their personal temperament and that of their teammates through an interactive exercise. From there, participants will discover how their personal temperament and communication style is impacting the team dynamic, particularly when it comes to conflict management and team engagement.

OBJECTIVES:

- Identify the 4 temperament types in the DISC tool.
- Examine approaches to manage conflicts with temperament in mind.

CLOSING KEYNOTE - REVITALIZE YOUR WORK & LIFE

Stephanie Staples, ReWired Nurse, Owner, Stephanie Staples, Inc.

OVERVIEW:

Are you trying to be all things to all people? Are competing priorities and the lack of time, energy and motivation stopping you from being the best version of yourself? Do you come home at the end of your shift to find your 'nice' is all used up and your 'best' is nowhere to be found?

If so, buckle up for the last (but possibly the most important) program of the conference as we top up our own psychosocial wellness tool kits so we can sustainably give our best to others. Learn simple, purposeful, deliberate actions you can easily implement to help you revitalize yourself so that you can bring your best both personally and professionally. Get ready to see how the Kaizen principle can help you improve your quality of life - even in tough times!

And... we may even have a little bit of fun!

OBJECTIVES:

- Assess current state of well-being.
- List ideas for improving relationships, managing stress and improving work-life balance.
- Implement the Kaizen principle to develop a framework to improve quality of life.
